

## **A Better Boynton: A Vision for Our Future**

My fellow residents of Boynton Beach, for 19 years, this city has been my home, and your hopes are my hopes. Your dreams for a brighter future are what drive me. I'm running for Mayor because I love our city and believe, together, we can unlock Boynton Beach's full potential. I'm committed to transparency, accountability, and putting residents first, always.

My vision is clear: A healthy, thriving Boynton Beach – a place where families flourish, businesses prosper, and every resident feels a sense of belonging. It's a vision built on these key pillars:

- **Economic Vitality:** We'll ignite our economy, supporting local businesses, attracting innovative industries, creating good-paying jobs, and streamlining the permit process for developers to invest in our shared future.
- **Public Safety:** We'll strengthen our community's safety net, reducing crime through proactive strategies and providing our brave police officers and firefighters with the cutting-edge tools and resources they deserve.
- **Affordable Living:** I understand the squeeze of rising housing costs. I'll fight tirelessly to explore every avenue to lower property taxes and champion workforce housing solutions so that every resident has a place to call home.
- **Infrastructure and City Services:** We'll invest in the foundations of our city – modern infrastructure, vibrant parks, and exceptional city services. Our dedicated city employees deserve our support, and I'll implement a new compensation program to recognize their hard work and dedication.
- **Community Enrichment:** We'll empower residents of all ages – from our youngest children to our cherished seniors – with enriching programs that foster connection, well-being, and lifelong learning. We'll tackle issues like social isolation and ensure everyone has the opportunity to thrive.

- **Environmental Stewardship:** We'll protect the natural beauty that makes Boynton Beach so special, championing eco-friendly initiatives and preserving our precious resources for generations to come.
- **Improved Healthcare Access:** Access to quality healthcare is a fundamental right. I'm committed to expanding healthcare access and ensuring every resident has the care they need to live a healthy and fulfilling life.

**Collaborative Leadership:**

I believe in the power of working together. I'll forge strong partnerships with the City Manager, our police and fire departments, community leaders, schools, senior centers, faith-based organizations – and most importantly, with you, the residents of Boynton Beach. Your voice matters, and I'll be a Mayor who listens, who cares, and who acts.
